

2020 SCORES CELEBRATION

EMPOWERING TOMORROW'S LEADERS VIRTUAL EVENT

Thursday, September 17th, 6PM

EVENT OVERVIEW

For the safety of our Boston Scores community, we have transitioned our annual Celebration gala to a virtual event. Join us as we celebrate the accomplishments of our 2020 program year and all of those who continue to make a positive impact on our students.

The Celebration event will go live at **6PM on Thursday, September 17th**. We will begin with cocktail table breakouts followed by a short speaking program featuring local leaders joining us to discuss what leadership means to them and how Boston Scores develops leadership skills in our students to solve community issues while enhancing civic participation. Guests will receive an at home experience/kit to enjoy in the comfort of their homes on the evening of the event!

ABOUT BOSTON SCORES

Boston Scores provides urban youth with team-based education programs that foster their health & well-being, academic achievement, and civic engagement. Our innovative blend of soccer academic enrichment, and civic engagement programs improve students' health, academic engagement, and global citizenship. Scores serves 1,600 youth each year and is one of the largest and fastest-growing school-based programs in the city of Boston.

2020 LEADERSHIP AWARD

We are pleased to present David and Nicole Chang with our Leadership Award at this year's virtual gala. The Leadership Award acknowledges and celebrates David and Nicole for their commitment and service to the youth, coaches, and staff at Boston Scores and the greater community. The Changs support various charitable organizations across the city, always dedicating their time and resources to causes making a positive impact.

Boston Scores COVID-19 Response

At Boston Scores, we believe that our need for community and the necessity to stay physically and mentally engaged is more important now than ever. Our young people are still developing the mental resiliency skills they need to process massive changes. The loss of this basic need can trigger an avalanche of undesirable consequences and lead youth down a path of disengagement and increased risk. In response to this, Boston Scores launched a virtual program that draws on our traditional soccer, poetry, and service learning curricula. Our coaches moderate the content and engage with student through instructional videos that teach soccer and poetry skills, as well as important lessons on how to give back and make a difference for others while at home.
